

Rooted in Agape and guided by purpose.

Home is more than a place — it's the people we share it with. It's a feeling of security and comfort.

Agape Home Care Agency is a place where care is built on agape — a love that nurtures, uplifts, and gently guides and supports every individual we care for.

We understand how important home is to healing and peace of mind. That's why we're dedicated to providing care that feels both reliable and heartfelt. Our caregivers are selected not only for their expertise but also for their kindness, compassion, and commitment to those they serve.

Each member of our team goes through a detailed screening process so you can feel confident welcoming them into your home. Together with you, your doctor, and your family, we work to ensure your transition from hospital or facility to home is as smooth and comforting as possible.

Why Choose Agape?

Home health care provides compassionate support that can help reduce hospital readmissions, delay the need for facility placement, and decrease reliance on urgent care services.

Every individual receives dedicated, one-on-one attention tailored to their personal needs and goals. Care is delivered on their schedule, allowing them to heal comfortably in the privacy and familiarity of home.

Home health care is also often more cost-effective than hospital or facility care.

By choosing home health care, families experience greater peace of mind. Individuals can recover surrounded by loved ones, reducing stress for both the patient and caregivers.

Home care also promotes safety and wellness through fall-prevention strategies, rehabilitation support, and reduced exposure to community illnesses — helping safeguard recovery and overall well-being.

At Agape, every service is delivered with a gentle touch and a professional standard—because true care supports both the body and heart.

Who We Help

Families rely on our home health services for guidance, comfort, and skilled support during life's most important moments. We assist individuals with:

- Transitioning home from a hospital or nursing facility
- Wound care and ongoing healing
- Compassionate post-surgical recovery
- Monitoring chronic conditions such as diabetes, heart disease, and CHF
- Adjusting to new physical challenges or mobility changes
- Learning to manage new care needs, including equipment, diets, and medications

How We Help

At Agape, exceptional care is both nurturing and expertly guided. Our dedicated nurses and home health aides provide a blend of clinical excellence and heartfelt compassion—directly in the comfort of your home.

Skilled Clinical Observation & Assessment

Careful monitoring by experienced professionals who understand your unique needs.

Medication Education & Management

Ensuring safety, organization, and understanding of your care plan.

Fall-Prevention Support

Enhancing safety and promoting confidence in the home environment.

Post-Surgical Recovery Support

Advanced techniques delivered in a calm, supportive environment as well as wound care and healing management.

Comprehensive Chronic Condition Management

Personalized guidance to help manage health confidently at home.

Assistance with Activities of Daily Living

Support that honors comfort, privacy, and personal routine.

Companion Care

Building genuine relationships between caregivers and clients to support your overall wellbeing.

We're honored to support you and your family.
